

SAFELOCK

The innovative universal connection system, for outside corrugated hoses without the need of dedicated threads.

The **PATENT PENDING** "lock" system joins the internal fitting with the outside ferrules and gives the best safe of use and quick assembling.

Safelock® can be delivered in the standard version made by 2 ferrules sets, as well in the x-long version with 3 sets of ferrules for an even safer solution. The internal fitting is as long as required by the number of ferrules

Suitable for: VULCANO BIO TPU R, VULCANO PU H 09, VULCANO PU H 09 AS, VULCANO PU H 09 ET, VULCANO PU HD 12 ET, VULCANO PU HDS 15, VULCANO PU HDS 15 AS, VULCANO PU HDS 15 ET, VULCANO PU HDS 15 XFLEX, VULCANO PU HDS XP 23, VULCANO PU HDSP 20 XFLEX, VULCANO PU M FR, VULCANO PU R FR, VULCANO PU Z, VULCANO PU ZR, VULCANO PU-M AF, VULCANO SC 1,5 ET, VULCANO SC 1,75
